Six Nations of the Grand River Elected Council (SNGREC)  
c/o: Mark Hill, Elected Chief

**Re: ITC Lake Erie Connector Project**

As shared in our letter of February 9, 2022, Six Nations of the Grand River Development Corporation launched the community commentary period for this project on March 1, 2022. We will continue to be sharing the merits of the proposed **ITC Lake Erie Connector Project** and offering an opportunity for our community to ask questions. These community focused sessions will continue until April 30, 2022. In an effort to remain independent, we have engaged Dillon Consulting Limited who are facilitating the sessions and will provide a final report outlining the discussions with community.

Due to COVID-19, all sessions were originally planned to be held online. However, since COVID-19 restrictions have changed, we are planning to host one of the sessions **in person** on April 14 at 6pm. The session will be held at 2498 Chiefswood Road.

In addition, below is a list of upcoming online webinar dates:

March 30 | 2:00pm      April 5 | 10:00am  
April 11 | 6:00pm      April 19 | 10:00am  
April 20 | 6:00pm

We want to extend an invite to the SNGREC to participate in the presentations listed above. In addition, we would be pleased to organize a special presentation at your convenience.

Project information, webinar registration, and more is located at [www.sfuture.com/projects/lec](http://www.sfuture.com/projects/lec).

If you wish to schedule a presentation or speak to me directly, I can be reached at [mjamieson@sndevcorp.ca](mailto:mjamieson@sndevcorp.ca) or on cell at (226) 388-0487.
